15 November 2002

Dear Professor Vintan

On behalf of the Faculty of Engineering and Information Sciences, I am pleased to invite you to accept the title of Visiting Research Fellow. Although there is no associated payment, the title is intended to recognise your ongoing collaboration with our research activities.

I hope very much that you will be able to accept the invitation, which would be for three years duration commencing 1 November 2002 and I look forward to hearing from you. I am enclosing a Visiting Researcher Registration Form for you to complete. Please bring this to my office for signature on arrival, before taking to the ID Office to register for an email address and ID card in order to gain access to the Learning Resource Centre.

Yours sincerely

Professor J M Senior
Dean
Faculty of Engineering and Information Sciences
